PROFESSIONAL SUMMARY

Motivated and detail-oriented fresher with a strong foundation in Core Java, Servlets, JDBC, and SQL. I have a good understanding of object-oriented programming and backend development concepts, along with hands-on experience in building web applications and connecting them to databases using JDBC. I am familiar with designing and managing databases using MySQL and writing efficient SQL queries

EXPERIENCE

BrainOvision

Jan 2025 – Apr 2025

Java Full Stack Intern

Remote

- Worked on both frontend and backend parts of the application using Java, JDBC and Servlets
- Created webpages using HTML, CSS and used MySQL Workbench to store and retrieve data
- Learned and used basic concepts of Java like OOP Concept, collections and exception handling
- Fixed basic bugs and improved application performance during development

PROJECTS

Heart Disease Prediction

- Built a machine learning model to predict heart disease using patient health data.
- Collected and cleaned dataset by handling missing values and removing errors.
- Performed data analysis to understand patterns and important health factors.
- Improved model results by tuning parameters and selecting important features.

Crop Selling System

- Developed a web application to help farmers easily sell their crops online to buyers without middlemen
- Created user-friendly pages for farmers and buyers to register, login, and manage their accounts smoothly
- Built backend functionality using Java, JDBC, Servlets to handle user data, crop details, and system operations
- Connected the Java backend with MySQL database to store and fetch data dynamically

EDUCATION

- B.Tech Computer Science, JNTUA College of Engineering, 2025 **CGPA: 7.9**
- Intermediate MPC, Shastra Junior College, 2021 **97%**
- SSC, Sri Chaitanya Techno School, 2019 **CGPA: 10.0**

SKILLS

Programming Languages : Java, Python, JavaScript

Backend Technologies : JDBC, Hibernate, Servlets, Spring, SpringBoot

Web Technologies :React, HTML, CSS

Databases : Oracle SQL, MySQL

Concepts: OOP concept, Exception Handling, CRUD operations, Collections, MultiThreading

Tools : MySQL Workbench, Eclipse, GitHub, Selenium

CERTIFICATIONS

Software Development Fundamentals (Microsoft)

Java Skill Certificate (Hackerrank)

ACTIVITIES AND INTERESTS

- Participated in college-level technical workshops
- Solving logical and algorithmic problems
